

DISCUSSION QUESTIONS

Praying with God

1. What is the posture of your heart when you pray? Is it demanding or intimidated, distracted or rushed?
2. How can repenting of pride or control in your prayer life deepen your relationship with God? What areas of your life do you find are the most difficult to surrender to him?
3. Are your prayers mostly on-the-go? Have you considered not only talking to God, but listening to God in prayer?
4. How can you carve out moments of silence and solitude to be with God without distractions? What specifically would need to happen?
5. Do you believe that God speaks to you? When have you heard God's voice this week, and how can you respond?
